Bangrak

HIGHLY SECURE AND RELIABLE CARRIER-NEUTRAL DATA CENTER IN BANGKOK

NT Data Center Bangrak is a modern facility located in central Bangkok, offering secure and reliable data storage solutions. As a carrier-neutral data center, it provides seamless connectivity through Thailand IX and NT IIG for optimal network performance. Equipped with dual power sources and diverse communication routes, the center ensures uninterrupted operations and robust connectivity. With advanced infrastructure for power, cooling, and security, the facility adheres to ISO/IEC 27001 and ISO/IEC 27701 standards, supporting businesses with flexible colocation services, Smart Hands support, and scalability for future growth.

Why Choose NT Data Center Bangrak?

Resilient Infrastructure

Built to Tier 3 standards, the data center features dual power sources to ensure high availability and uninterrupted service.

Prime Location

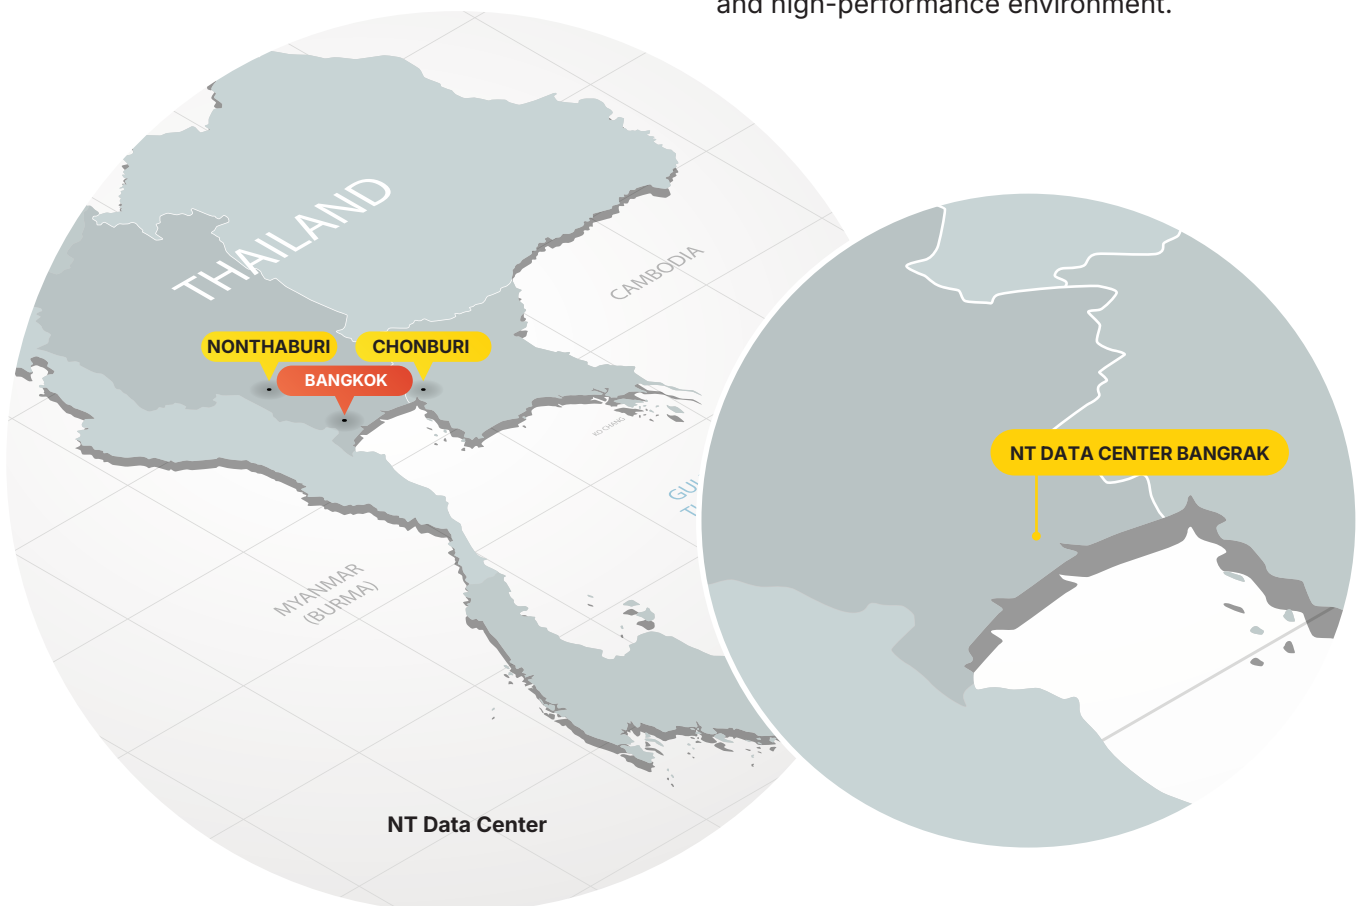

Centrally located in Bangkok with advanced telecommunications infrastructure and convenient access to major transportation routes.

Carrier-Neutral Connectivity

100% carrier-neutral, offering diverse network options that maximize cost efficiency, redundancy, and uptime.

Operational Excellence

Our 24/7 expert team provides continuous support, ensuring your IT infrastructure operates in a secure and high-performance environment.

Facility Overview

- **Address:** 72 Charoen Krung Road, Sripaya, Bangrak, Bangkok 10500
- **Location:** 8th floor of NT Bangrak Tower
- **Total Floor Space:** 350 sq.m
- **Floor Load:** 500 kg/m²

Power Capacity

- **Substation:** 2 independent substations with diverse power feeds
- **Transformers:** 2N redundancy
- **UPS:** 2N redundancy
- **Power Supply:** Dual AC 230V x 2 sources (for racks)
- **Power Outlet:** C13/C19 power strip
- **Generators:** N+1 redundancy
- **Fuel Backup:** 10 hours of full-load capacity
- **Tier:** Designed to Tier 3 standards

Connectivity

- **Carrier-Neutral:** Multiple local Tier 1 carriers
- **Internet Exchanges:** Direct to Thailand IX and NT IIG

Security

- **CCTV:** 24/7 monitoring
- **Access Control:** Multi-factor Authentication (MFA)
- **Security Guards:** 24/7 building security
- **Data Retention:** CCTV, Access logs
- **Certifications:** ISO/IEC 27001, ISO/IEC 27701

Fire Control

- **Fire Suppression:** Novec 1230 gas system
- **Smoke Detection:** Photoelectric Smoke Detectors
- **Alarm System:** Audible and Visual Signaling

Climate Control

- **System:** N+1 redundancy
- **Control:** 18-25°C and 45-60% humidity
- **Cooling Method:** Downflow Air Conditioning

Environmental

- **Flood Risk:** Flood-Free Area
- **Transportation:** Easy access to expressways, BTS, MRT, and pier
- **Nearby Landmarks:** ICONSIAM, Siam Paragon, Samyan Mitrtown

Facility Overview

- **Address:** 72 Charoen Krung Road, Sripraya, Bangrak, Bangkok 10500
- **Location:** 14th floor of NT Tower
- **Total Floor Space:** 1,000 sq.m
- **Floor Load:** 500 kg/m²

Power Capacity

- **Substation:** 2 independent substations with diverse power feeds
- **Transformers:** 2N redundancy
- **UPS:** 2N+1 redundancy
- **Power Supply:** Dual AC 230V x 2 sources (for racks)
- **Power Outlet:** C13/C19 power strip
- **Generators:** N+1 redundancy
- **Fuel Backup:** 10 hours of full-load capacity
- **Tier:** Designed to Tier 3 standards

Connectivity

- **Carrier-Neutral:** Multiple local Tier 1 carriers

Security

- **CCTV:** 24/7 monitoring
- **Access Control:** Multi-factor Authentication (MFA)
- **Security Guards:** 24/7 building security
- **Data Retention:** CCTV, Access logs
- **Certifications:** ISO/IEC 27001, ISO/IEC 27701

Fire Control

- **Fire Suppression:** IG-100, Water Mist System
- **Smoke Detection:** Photoelectric Smoke Detectors
- **Alarm System:** Audible and Visual Signaling

Climate Control

- **System:** N+1 redundancy
- **Control:** 18-25°C and 45-60% humidity
- **Cooling Method:** Downflow Air Conditioning

- **Nearby Landmarks:** ICONSIAM, Siam Paragon, Samyan Mitrtown

Facility Overview

- **Address:** 72 Charoen Krung Road, Sripraya, Bangrak, Bangkok 10500
- **Location:** 16th floor of NT Tower
- **Total Floor Space:** 265 sq.m
- **Floor Load:** 500 kg/m²

Power Capacity

- **Substation:** 2 independent substations with diverse power feeds
- **Transformers:** 2N redundancy
- **UPS:** 2N redundancy
- **Power Supply:** Dual AC 230V x 2 sources (for racks)
